

**Public Examination Results 2019**

**Sixth Form results summer 2019**

This year resulted in the best ever outcomes for our A level students, and built upon the comments made about our Sixth Form by Ofsted in June

*“attainment has risen for all students, including for disadvantaged students.”*

*“...the proportions of students continuing into education, employment or training are higher than the national averages.”*

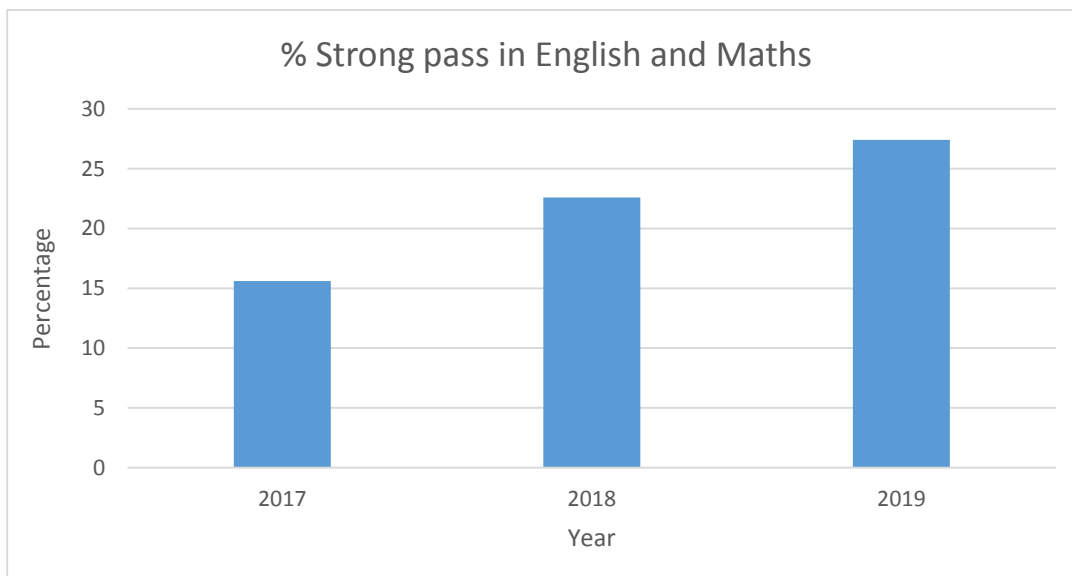

*“Students make stronger progress than other students nationally from similar starting points”*

	2016-2017	2017-2018	2018-2019
A levels on target %	70.4	71.7	77.8
ALPS rating	4	4	2
BTECs on target %	83.7	60	83.3
ALPS rating	3	5	3
ALPS are a nationally recognised organisation who rank schools from 1 – 9 with a grade 2 being high ranking and therefore indicating very strong performance.			

All students who applied to university have secured places.

**Year 11 G.C.S.E. results summer 2019**

Our G.C.S.E students also secured some pleasing outcomes, and we are really pleased to see increases in the proportion of students receiving a strong pass in English and Maths

In addition, the numbers of students who have secured a grade 7 in both English and Maths has doubled since 2017
