

TVLP Art Event: Willow animal sculptures for the Thames Hospice gardens in Maidenhead

On Tuesday, 26th April 2022, we hosted an art event in the art department and worked collaboratively with Holyport College, Eton College and Langley Park, to make 4 willow, animal sculptures.

The sculptures will be exhibited in the gardens of Thames Hospice in Bray, Maidenhead. Each animal is a ward in the hospice – Kingfisher, Otter, Heron. The Butterfly represents the new area coming soon to the hospice.

Our students worked so well and made us a very proud art department! We know the sculptures will be loved by those who view them.

Year 10's: Kai Owen, Harvey McMahon, Mashal Rehman, Dreis Hindmarch, Amaya Mackay, Wahida Saleh

Year 12's: Michalina, Jess, Alisha, Diya)

Beechwood and Eton College made up the last group of the day. They were supported by Sarah and Helen, who ran the event and taught the students how to create the fabulous animal sculptures.

We love the group photo below of both Beechwood and Eton students, who were joined by Beechwood's Headteacher, Miss Spires and Assistant Headteacher, Mr Gaffin.
